RESUMÉ

I anledning af 1.000 året for Altingets oprettelse tog forfatterne Gunnar Gunnarsson og Johannes V. Jensen initiativ til en nyoversættelse af De islandske Sagaer. Dagbøgerne i 1927 er beskrivelser af natur, fugle og rejsen i Island fra 8 juni til 5. september 1927. Rejsens formål er indsamling af materiale til illustrationer af de sagasteder og landskaber, hvor sagaernes handlinger udspillede sig. Omkring 300 penne og tusch illustrationer blev resultatet af de to rejser i 1927 og 1930.
